Return Policy:

Our books are guaranteed:

If a book has a defect, or doesn't hold up under normal use, or if you are unhappy about one of our books for any reason, we are interested to know about it and will replace it without charge. Products with publisher defects (i.e., books with missing pages, etc.) may be returned at any time without authorization. However, we request that you describe the problem, to help us improve things in the future.

Overstock Returns are generally not permitted:

Our experience on overstock returns has been that the accounting churning costs both to us and the customer were more than the privilege was worth. Returning books and ordering more later creates confusion. Returned books are often shopworn. The discount schedule is set to encourage larger quantity purchases, but you should order only what you reasonably expect to sell. Returns and credits on books are not available except in exceptional circumstances.
